EDUCATION

University of Padua — Feb 2025 – Present
PhD in Management Engineering and Real Estate Economics — Padua, Italy

University of Padua — 2016 – Dec 2021
Master's Degree in Economics and Finance — Padua, Italy

Ca' Foscari University of Venice — 2012 – 2016
Bachelor's Degree in Foreign Trade — Venice, Italy

CURRENT RESEARCH

Ph.D. Thesis Project: *The Territorial Paradox of Logistics Hubs: Spatial Spillovers and Multi-Criteria Evaluation of Socio-Economic Impacts*
Supervisors: Prof. Chiara D'Alpaos, Prof. Luciano Greco

- **Objective:** Investigating the trade-offs between national logistics efficiency (TEN-T corridors) and local negative externalities (congestion, land use) generated by freight villages.
- **Working Paper:** "A systematic literature review on logistics hubs impacts: a spatial perspective" (Draft stage).

RESEARCH EXPERIENCE

University of Padua — Feb 2025 – Present
Research Assistant — Padua, Italy

- Supporting the development of the HE EXPEDITE project.
- Drafting project deliverables and reports.
- Developing novel approaches to apply Cost-Benefit Analysis methods to European projects, specifically inquiring into the environmental aspects of interventions.

DSEA - University of Padua — Nov 2022 – Feb 2025
Research Fellow — Padua, Italy

- Participated in the European project SOCIO-BEE.
- Drafted deliverables and conducted peer reviews.
- Coordinated Work Package activities.

Department of Civil and Environmental Engineering — Mar 2022 – Nov 2022
Researcher — University of Padua

- Investigated Renewable Energy Community configurations following the transposition of European directives (Legislative Decrees 199/2021, 210/2021).
- Produced a final report comprising a literature review, case studies, and SWOT analysis.
- Developed a guide for operators entering the energy community market, highlighting the role of Energy Service Companies (ESCos).

CRIEP — Aug 2019 – Dec 2019
Research Assistant — Padua, Italy

CRIEP — Dec 2018 – Apr 2019
Research Assistant — Padua, Italy

PUBLICATIONS

- **Sarcina, A.**, Canesi, R. (2023). "Renewable Energy Community: Opportunities and Threats towards Green Transition." *Sustainability*, 15(18), 13860.
- Bertolini, M., Greco, L., **Sarcina, A.** (2023). "Public-private investments for the energy transition: from the experience of local authorities to the perspective of energy communities." In *Italian Public Finance – 2022-2023 Report*. Il Mulino.

SKILLS & CERTIFICATIONS

- **Languages:** Italian (Native), English (C1), Spanish (B2).
- **Technical Skills:** Python (Pandas), LaTeX (Good), Wolfram Mathematica, Microsoft Office Suite.
- **Certifications:**
  - *Benefit-Cost Analysis: Valuing Life and Health*, Harvard T.H. Chan School of Public Health (Sep 2024).
  - *100 Days of Coding (Python)*, Udemy.

VOLUNTEERING

Parrocchia di Madonna Pellegrina Aug 2020 – Present
Educator
- Role of educator and chaperone for youths aged 16–18.

Associazione Gulliver 2016 – 2019
Volunteer
- Provided assistance to tetraplegic individuals.
